CITIES TALK NATURE

- Part of the INTERLACE project
- Facilitated by a cooperation between different city networks

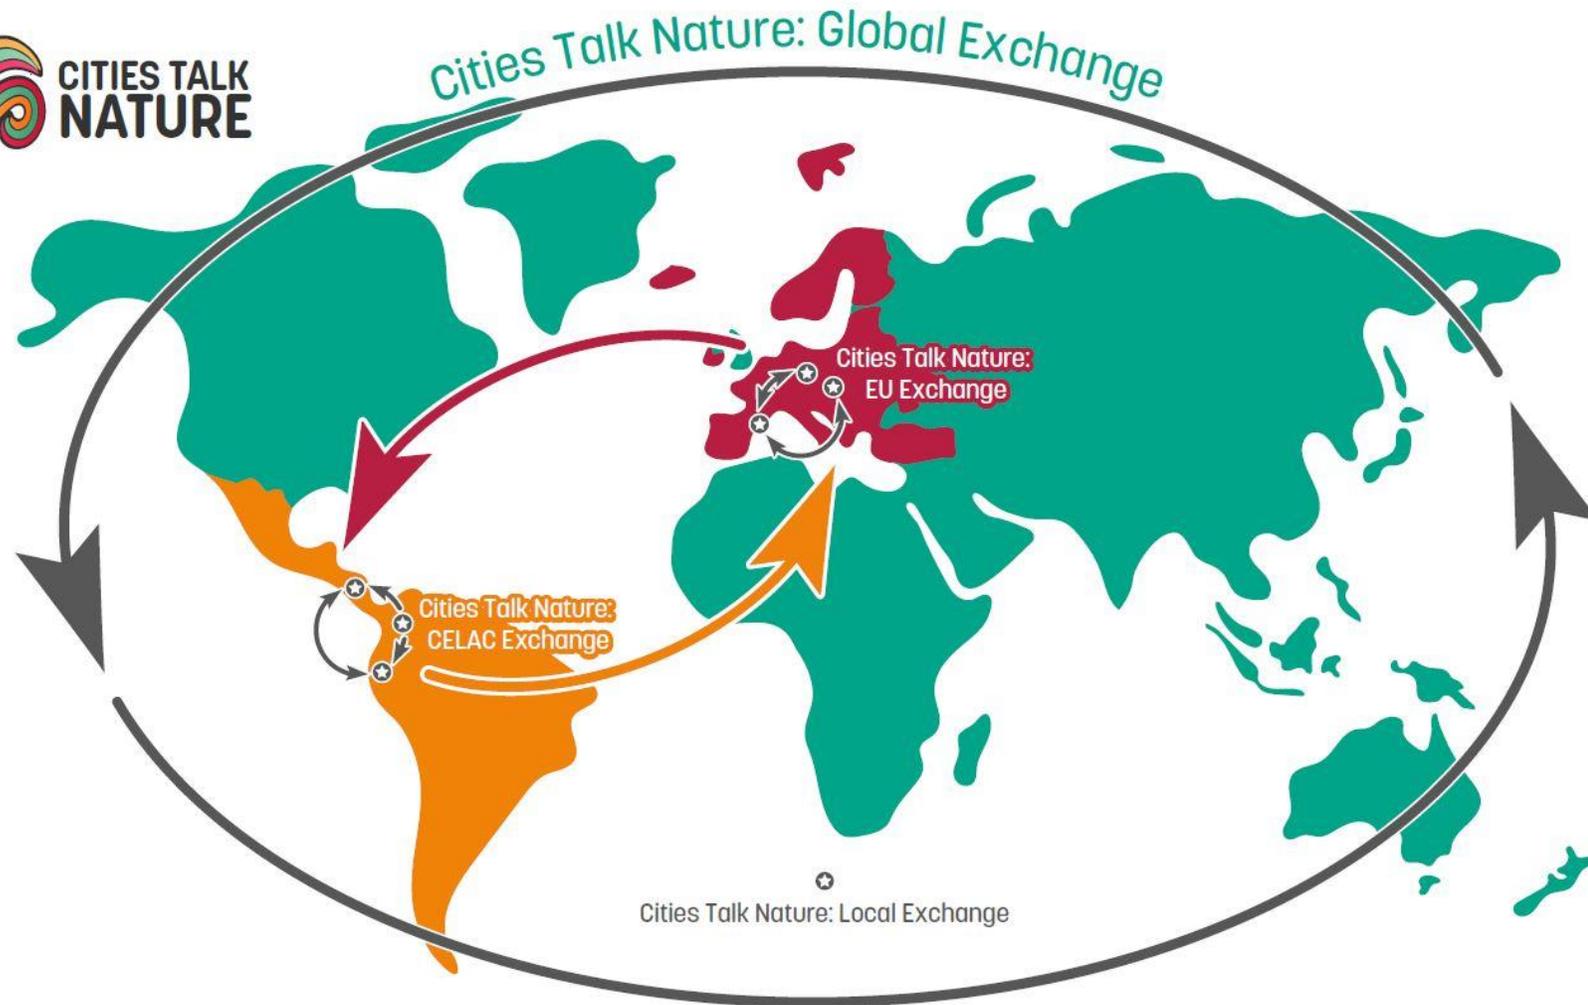

- A community of practice dedicated to **restoring degraded ecosystems in municipalities** in Latin America, Europe and other parts of the world.

CITY EXCHANGE

GOALS

- **Exploring** together the multiple advantages of restorative Nature-based Solutions.
- Fostering **exchange** on objectives, processes, practical examples, technologies, financing options and business models on how to restore degraded ecosystems.
- Providing **access** to tools, methods and approaches that support the planning, implementation and management of restorative Nature-based Solutions
- **Supporting** collective action towards more liveable, inclusive and sustainable cities and towns of all sizes and locations, connecting people, places and nature.

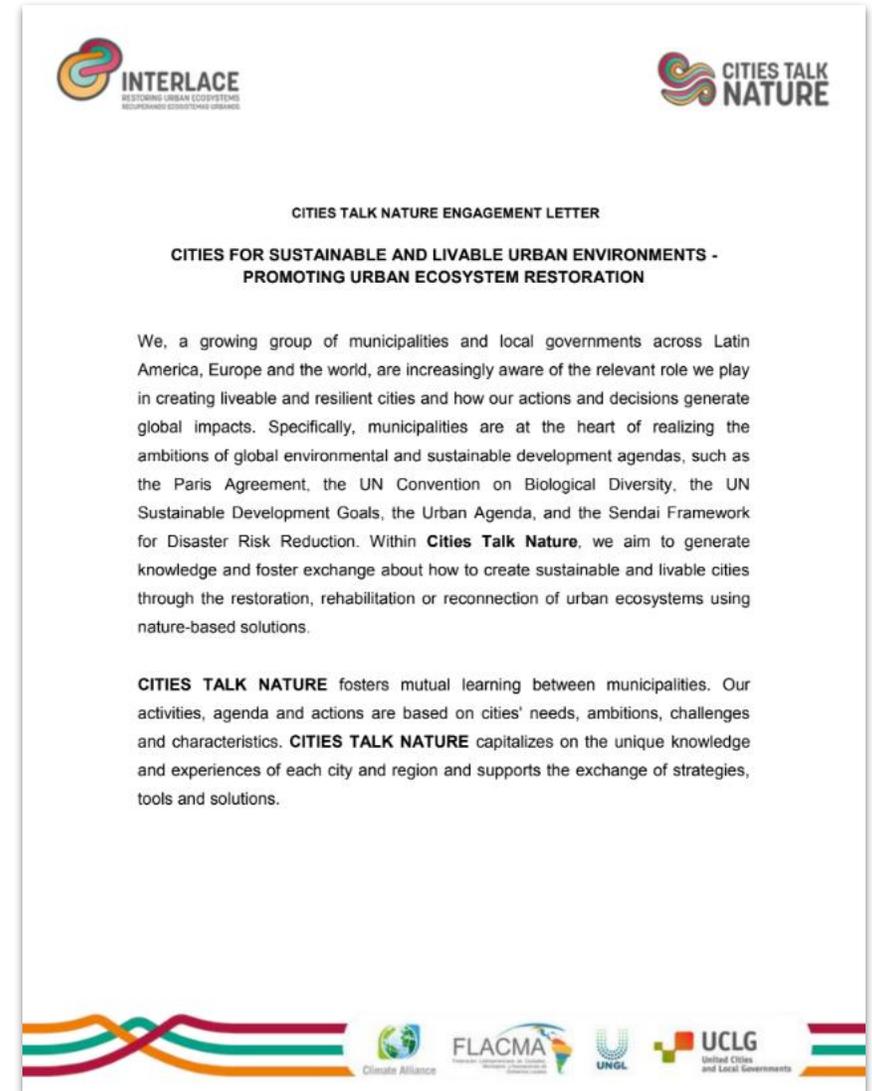

2) ENGAGEMENT EVENTS

3) ENGAGEMENT LETTER

- The signatories express their **willingness** to participate in CITIES TALK NATURE'S regional and global dialogues.
- This entails **exchanging** with peers, sharing their experiences and learning from other cities,
- to improve their **implementation of policies** that have a positive and sustainable impact on the socio-ecological environment of their territories.

3) SHOWCASE

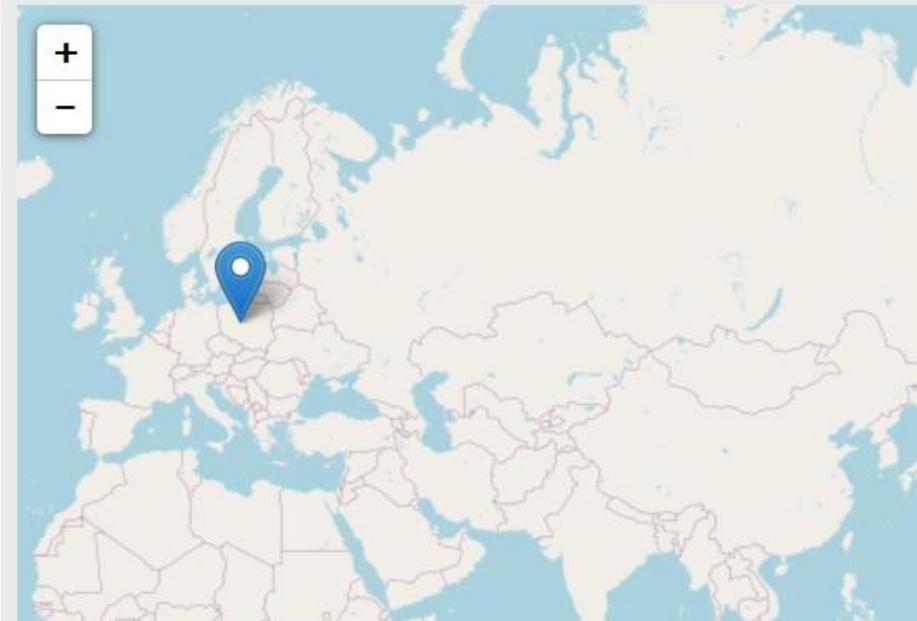

- Collection of municipalities that signed the engagement letter and are part of the **Cities Talk Nature Community**
- Possibility to share **local good practices**
